W2: Nourish To Flourish: Optimising nutrition in Acute Lymphoblastic Leukemia

31 July 2025 | Venue: ECHO Room, PGICH

A hands-on workshop on nutritional assessment and care during ALL management

Organised in association with Cuddles Foundation

Objectives:

1. Understand the specific nutritional challenges that present in pediatric cancer patients and particularly in ALL during various phases of treatment and follow up
2. Learn practical approaches to nutritional assessment at the time of diagnosis and during ongoing care
3. Discuss and evaluate strategies for managing nutritional issues encountered during different phases of Acute Lymphoblastic interactive case discussions
4. Identify and comprehend practical techniques and interventions for nutritional support in children with ALL, including topics such as NG insertion and feeding, fluid/electrolyte management, central line management for TPN, and the principles of parenteral nutrition.

Target Audience:

Nutritionists, Nurses and Doctors involved in care of children with Acute Lymphoblastic Leukemia.

TIME	TOPIC
